

Business Unit Nuclear, our strategy

Our mission

Show nuclear professionalism,
from beginning till end!

Contribute to the energy transition
in Belgium with safe, reliable and
climate-friendly electricity and
professional decommissioning of
our power plants.

Our vision

Our focus points

Keep our
machines in shape

Take care of
our people

Find solutions
together with our
stakeholders

Generate
value

**Nuclear
safety**
our
number one
priority!

Our priorities

Operate our plants as real
nuclear professionals until
the very last day.

Become a reference in the
decommissioning of our
nuclear power plants.
